

To whom it may concern: Date: 2nd July, 2023

This letter is to signify the completion of Vania Goel's internship with Avendus Spark Institutional Equities team. Vania completed her 4 weeks project, with stellar performance and an unparalleled work ethic.

During his internship at Avendus Spark, Vania worked on deep data analytics in capital market and provided great insights and completed multiple tasks with rising complexities ahead of schedule. We found her to be extremely hard-working, dedicated, and creative.

It was truly a pleasure working with Vania. It is rare to find talent and work ethic in a singular individual and Vania exemplified both very well. She completed all tasks promptly and went above and beyond what was expected of her.

Harikesh Venkatachalam
Head of Sales - Avendus Spark
